

NATIONAL CONFERENCE ON COMMUNICATIONS (NCC): SILVER JUBILEE EDITION

The **twenty-fifth** National Conference on Communications (NCC 2019) will be held at the Indian Institute of Science (IISc), Bangalore, during 20-23 February 2019. The conference will feature three symposia in the following areas.

COMMUNICATIONS

NETWORKS

SIGNAL PROCESSING

Previously unpublished contributions from a broad range of topics in these areas are solicited, including (but not limited to) the following:

Communication theory and systems Information theory Coding theory Wireless communications Optical communications RF and microwave communications Satellite communications Cognitive radio Energy harvesting and green communications Machine learning for communications 5G and beyond communication systems Quantum communications	Next generation networks Optical networks and systems Sensor networks Ad hoc networks Wireless and wireline networks Security Networks and services management Performance analysis Complex networks Biological networks Cyber-physical systems/IoT	Signal processing for communications Image and video signal processing Multimedia applications DSP algorithms and architectures Speech and audio processing Biomedical applications Language identification Machine learning, pattern analysis, and classification Large dimensional signal processing Sparse signal processing Graph signal processing
